

# DCBN-PRO

- DC Injection to 48V
- Low L-Band loss
- L-Band Passing

## Description

The Global Professional DCBN-PRO is for use in L-Band systems. It can insert any DC voltage upto 48v @ upto 1A.

The unit is housed in our EMI-Proof enclosure

## Specification

Frequency passed	950 - 2150MHz
Through loss	Less than 1dB
DC insertion	Upto 48v
DC current	1A Maximum
Connectors	N-Type Female
Connector options	BNC-50 BNC-75 TNC SMA
